Visiting rules Historical Division

Please note the supplementary terms of use for reducing the risk of infection when planning your visit (as of 19.06.2020)

- Visiting the archives is only possible by prior appointment.
- Persons with respiratory symptoms (unless they have been cleared by a doctor, e.g. a cold) or fever are not allowed on the museum grounds. If symptoms occur, the person must leave the museum premises immediately.
- Visiting the archives is only possible if the rules of distance and hygiene are observed! Please respect these and follow the requests of the archivists.
- Sufficient distance (at least 1.5m) to other persons must be maintained. In order to be able to comply with this, no more than one user per day is admitted to the Historical Division.
- The Historical Division may only be entered with mouth-and-nose protection.
- Public toilets are located on the ground floor, please use them to wash your hands. We also provide hand disinfectants in the user room.
- If the viewing of photographic material is desired, guests must bring their own clean cotton / latex / nitrile gloves for handling.
